that they seem to increase it. Imagine a magnificent orchestra playing in a factory amid the ring of mers and the rattle and groaning of ma-chinery. The discords would dominate the harmony and the harmony itself merge into discords. That is the way it is with all the music of love when a woman is wrenched and racked by pain. Of the hundreds of thousands of women treated by Dr. Pierce, ninety-eight per cent. have been permanently cured.

"Favorite Prescription" contains no alcohol and is entirely free from opium, cocaine and all other narcotics.

If you are persuaded to try Dr. Pierce's Favorite Prescription because it has cured other women, do not allow the dealer to foist on you a less meritorious medicine which he claims to be "just as good." There is no motive for such substitution except the little more profit made by the dealer on the sale of the less meritorious preparation.
